

# Mass Spectrometry Consulting

offered by JMA Consulting Services

- Consulting in all aspects of mass spectrometry research related to proteomics and metabolomics with 15 years of hands-on experience
- Offered by Dr. John M Asara, Assistant Professor of Medicine at Harvard Medical School and Director of the BIDMC Mass Spectrometry Core
- Provide both remote and on-site consultation. Available to provide advice in addition to aid in setting up mass spectrometry and informatics applications. Travel is possible outside of the Metro Boston area

For more information, contact John Asara directly at [jasara@bidmc.harvard.edu](mailto:jasara@bidmc.harvard.edu), 617-735-2651
